

End of pension accrual

Your pension at BPL Pensioen

End of pension accrual

You left the company you were working for. You accrued pension with BPL Pensioen. You might want to know what is going to happen to the pension you have accrued. This letter contains more information.

Please note: the Dutch letter contains your personal data. Keep this letter next to the information below.

How much pension have you accrued and what is going to happen to it?

The document 'Summary of your accrued pension' shows you how much pension you have accrued with BPL Pensioen. You can leave your accrued pension with that fund. You will then receive that money when you retire. The pension may be increased or decreased in the future. More information on this is available in the document 'Pension increases and decreases'.

Value transfer

Alternatively, you can transfer the pension to a new pension administrator. This is called value transfer. If you choose this option, the accrued pension will be transferred to your new employer's pension administrator. If you opt for value transfer, your pension will be transferred and will no longer be with BPL Pensioen. Usually, you will receive information about value transfer when you switch to a new pension provider. If you do not receive any information, please contact the new pension provider or your employer.

If you have already requested value transfer, you do not need to take any further action. It may take some time before the value transfer is complete.

This letter shows the amount of your pension and what is going to happen to it.

Please note!

If your pension is between € 2.01 and € 613.52 gross per year, you do not need to apply for value transfer. We will automatically transfer your pension if you start accruing pension elsewhere. Your new pension fund will inform you once this has happened.

We will make every effort to transfer your pension to your new pension fund. However, if we do not manage to do this after five attempts in at least five years, we have the right to commute your pension.

If your pension is lower than € 2,01, we will not transfer it. Your pension will revert to the pension fund. This is regulated by law.

This document shows the amount of your pension and what is going to happen to it.

More information

For more information about your options and information about the pension scheme, please refer to the explanatory notes.

Kind regards,
On behalf of BPL Pensioen

Lydia Timmermans
Director Administrative Office BPL Pensioen
